Message from the desk of IASO President:

Arnab Gupta

President

Dear Colleagues,

It gives me immense pleasure to write to you from the President's chair one last time.

My tenure has unfortunately seen the unprecedented Covid 19 which has shaken even the most developed nations badly. It had caused loss of many precious lives of which the Healthcare & frontline workers were worst hit along with their families. Treatment for Diseases like cancer was badly affected with delayed diagnosis and treatment and consequently poorer outcome.

IASO was prompt to come up with some **Covid Guidelines for Cancer surgery** which were followed by most of the Cancer centres in India. Donation of Five lakhs of rupees was also made to Prime Minister's Relief Fund to combat the crisis. An appeal was made from our Office to the Ministry of Health to allow the Oncologists to test the patients with RT-PCR for any surgical and other interventional procedures.

Although the physical meetings & conferences were badly affected, IASO came up with **a series of Webinars** through its active EC members. It had partnered with **CEN (Cancer Expert Now) in USA** and jointly organized many International Webinars. An Expert Panel has also been formed with the Indian Oncologists to give expert opinions on different Oncological scenarios on CEN Platform. Many Societies have partnered with IASO in organizing **National Conferences** including Oncological Society of Bengal, ASI Chennai chapter, Surgical Oncology Association Karad, Kerala Association of Surgical Oncology etc.

To address the Post Graduates, **Masterclass for the PGs** was started a year back by the newly formed Academic Council after discussion with Senior Members of IASO including many Past Presidents. This Council is led by Dr T Subramanyeshwar Rao, assisted by Dr Srijan Shukla and 4 Past President from different Zones as Advisers viz. Dr Kiran Kothari, Dr Arun Chaturvedi, Dr L Sarangi & Dr Rajaraman. This has been highly successful with very good attendance and in the already held 25 Classes almost all organs have been covered with many eminent Surgical Oncologists as Examiners.

Since Cancer is on the rise where Tobacco has been the main culprit, we had organized an **Anti-Tobacco Workshop** with i-CanCare to spread awareness amongst the masses. 5 PGs were selected for a Fellowship course and also Free Membership with IASO.

Membership has seen a steep rise in the recent past, which shows the Active interest in the Surgical Oncologists in the Academic activities of IASO. With increasing number of seats in this discipline we hope to have many young members in the near future.

Website has been updated and made more interactive. We aim to put more Videos esp the Master Videos and Videos of our prestigious Orations by the International doyens.

After discussion in the Extraordinary EC meeting, opinions were taken from all the IASO members through **Google form** regarding Election, NATCON, ICC & Mid Term Conferences. It was unanimously decided to postpone all of them by a year considering the Pandemic.

We are soon going to witness our **1st Virtual NATCON conference** which promises to be a show stealer in its magnitude, the Scientific program and many innovations. In this extra year it has gathered a great momentum

with record number of Registrations and Free Membership amongst the Students. Our best wishes to the Organising Chairman Dr Harit Chaturvedi, Organising Secretary Dr Rudra Prasad Acharya and the Scientific Committee chairman Dr S V S Deo.

Midterm Conference will now be held in the first quarter of next year at Shillong with Dr Caleb Harris as the Organising Secretary. The ICC has been further postponed to 2023 so that there is more possibility of having this special Mega Conference as a proper physical one with camaraderie amongst the different Oncological fraternities. Our best wishes to Dr Sanjay Sharma, Organising Chairman, Dr Dhairyasheel Savant, Org Secretary and Dr Devendra Chaukar, Jt Org Secretary.

IASO is now a **member of National Cancer Grid (NCG)** with more opportunities of collaborative works in Research, academics, Preventive Oncology, e-Library, Virtual Tumour Board etc. The NCG Guidelines have been made available to the members of IASO through its Official Website. We are thankful to Dr C S Pramesh, Director Tata Memorial Hospital for his all out co-operations in this regard, and also for providing many life saving equipment like Oxygen Concentrators, BIPAPs etc to many hospitals to deal with serious Covid Cancer patients.

Indian Journal of Surgical Oncology has been seamlessly published and circulated to the members of IASO with its high academic contents, thanks to the untiring efforts of Dr K S Gopinath, the Chief Editor and his dedicated team.

All these works would not have been possible without the full co-operation from our Hony Secretary Dr Sharad Desai, our Immediate Past President Dr Dhairyasheel Savant, President Elect Dr Rajendra Toprani & Vice President Dr Praful Das. I am also grateful to the Senior IASO Members including Past Presidents, all our EC members for their continuous valuable support in different ways. And how can I forget the support from all of you!?

Long Live IASO!

Prof (Dr) Arnab Gupta

Desk of Hony Secretary, IASO

Sharad Desai

Secretary

Hello Everyone,

I hope this message finds you and your families in good health and safe from the devastation of the pandemic. This is our last newsletter for the academic year.

Despite the COVID pandemic, the IASO has continued to grow. We are seeing an interest from young Oncosurgeons to join and participate in the association. Needless to say, the sheer numbers of young surgeons being trained in the country, will soon saturate till the requirements of the nation suffice. The need of all Oncosurgeons is to be on a single platform to become a strong association to protect the interests of the members, help them grow and better the health of the nation. We are evolving and constantly improving to the demands of changing trends in oncology. As we become independent of the ASI, we need to maintain relation with not just general surgeons, but also with many allied branches like Radiation and Medical Oncologists, Oncopathologists, Oncoradiologists etc.

I was lucky to oversee the increase in membership from 1236 members to around 1700 now. I am very confident that by the end of the Natcon, we will cross the magic figure of 1736 members (total 500 new members in last 3 years). I am thankful to all new members and all the seniors who relentlessly pursued the effort to induct more members.

It is also time to develop the onco sub specialties which are continually interlinked. Cancers know no boundaries, and the development of sub specialist cannot occur in solitude. We need to strengthen the network to trap the Cancer.

We had a successful Midcon in Tirupati. Unfortunately, COVID struck. We had a Surgical workshop in Karad, Maharashtra in February hoping COVID was on the slowdown. But COVID struck again. This year will be our first Virtual Natcon. Needless to say, we will have more and more virtual meets in the future. We have been able to conduct numerous webinars and master classes virtually and we hope to improve the standards more and more. Please join us for the Natcon 2021 this year.

I was supported by all of you. From the bottom of my heart.. A big Thank you

INDEPENDENT AUDITOR'S REPORT

To The Members of Natcon IASO 2019

Opinion

We have audited the financial statements of **Natcon IASO 2019 having GSTIN – 19AAEAN3589L1ZV (An Association of Persons) of Saroj Gupta Cancer Centre and Research Institute, 109 M G Road, Thakurpukur, Kolkata - 700063** which comprise the Balance Sheet as at March 31, 2020, the Income And Expenditure Account and the Receipts and Payments Account for the year 31st March 2020, and notes to the financial statements.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the entity as at March 31, 2020, and of its financial performance for the year then ended in accordance with the Accounting Standards issued by the Institute of Chartered Accountants of India (ICAI).

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the entity in accordance with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the aforesaid Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Minutes of General Body Meeting IASO NATCON 2019

**J W Marriott,
21st September 2019, Kolkata**

1. Calling Meeting to Order : Dr Sharad Desai, the secretary, called the meet to order
2. Welcome address by the President : Dr Dhairyasheel Savant, welcomed all the delegate to the GBM . He complimented the wonderful work done by Dr Arnab Gupta and team in organising NATCON2019. He complemented the entire EC of the IASO for the wholehearted support rendered.
3. The issue of Old IASO Logo was raised by dr Sandeep Kumar and discussed. The EC was directed to design a logo by MIDCON in Tirupati. This was proposed by Dr Sanjay Sharma and seconded by Dr Kiran Kothari.
4. The secretary informed the house that 157 members were added in the last year. This was the highest number in the history of IASO in a single year.
5. The old associate members will be converted to full members if they fulfill the new criteria.
6. The new membership rules were accepted and the leadership thanked Dr Arun Chaturvedi, Dr Kiran Kothari, Dr M Vijaya Kumar for the same.
7. The house was appraised of the new MOU with the ESSO. The house accepted the MOU and was passed unanimously. The EC was instructed to go ahead with conducting interval Certifying Exams for the IASO members by the ESSO in collaboration of the IASO.
8. The house was informed of the Byelaws which have been updated and formatted and uploaded on the website. The updated Byelaws were accepted by the house. Dr PK Das was authorised by the house to update the Byelaws with Registrar in Varanasi and Reregister the society with new Office bearers.
9. The house was informed of the SSO meeting and the new MOU signed with the SSO. The new MOU was accepted. The house was appraised of the new SSO membership fees offered by SSO to the IASO in three tiers. The members were requested to take advantage of the discounted offer. The house expressed concern about poster presenters defaulting and thereby denying others an opportunity. The EC will observe the rate of default and take necessary action against defaulters.
10. The IASO thanked Dr Arnab Gupta for giving the IASO a cheque of Rs 25000/- as a saving from the East Zone Oncology Symposium held in SGCCRI in Jan 2019.
11. Election of EC members
For the post of VP , Dr P K Das was declared elected uncontested.
For post of EC South Zone Dr Sandeep Nayak was declared elected, Dr M Ramesh and Dr Sanjeev Kulgod withdrew in his favour.
For post of EC West Zone and North Zone Dr Sanjay Desai and Dr Sandeep Agarwal respectively were declared elected unopposed.
For post of EC East Zone, Dr Caleb Harris and Dr Shaikat Gupta were declared elected unopposed.
For the post of the Joint Editors Dr Narendra Hullikal and Dr Arvind Krishnamurthy were nominated.

The GBM approved all above appointments and motion was carried. The topic of the election applicant not attending the GBM was discussed but no formal law was decided towards the same.

12. Secretary also informed that the Detroit fellowship is revived and is now available from this year onwards. However, there were no takers for Ludhiana fellowship as yet. It would be offered to award paper winner in case somebody is working in or planning to work in Punjab
13. The new agreement with Springer and IJSO has been approved, and Dr Gopinath and Dr Manoj Pandey will inform the EC of acceptance of the new agreement. The proposed sectional editors will be finalised by the Chief editor. The Chief Editor will inform the EC of the progress. The Secretary and the Chief Editor with their assistants will tackle the issue of journal addresses in association with Springer.
14. **MIDCON2020.**
Dr Narendra Hulikal made a presentation to the House. He informed the CME is planned on Feb 29 and 1 Mar 2020 at Hotel Fortune Grand, Tirupati with 28th Feb being the pre-conference video workshop. NATCON Speakers

It was decided that the sponsored speeches should be during breakfast/lunch/dinner. During prime hours the speakers should not be repeated more than once. The aim of latter endeavor is to provide platform for presentation of more diverse experience

The issue of same persons participating in multiple events was raised by the members. One person should be participating in one (and in any case not more than two) programmes. The issue of non/under representation of regions/people in IASO NATCON was raised. The EC members and other seniors from each area should identify the faculty and inform the secretary before a deadline. It is suggested that Secretary should communicate with EC members and senior members before finalizing the speakers.

Monetisation of conference proceedings

- (i) The contents to be put online immediately after the Conference. The subscription charge to be equal to spot registration. Some members opined that this may be too high hence a figure of Rs 4000/- was agreed upon
- (ii) The charges would gradually reduce month on month till ,after 04 months , the charge can be Rs 1000/-
- (iii) The Orations and Keynote address to be put up initially
- (iv) To review the Pricing and Contents after seeing the response. No timelines fixed for this

Fertility Preservation in Surgical Oncology (30th Oct. 2020)

With advances in our understanding, we have improved the survival of several cancers, enabling us to focus on not only life but also quality of life.

On behalf of Indian Association of Surgical Oncology(IASO) a webinar on 'Fertility Preservation in Surgical Oncology' was held on 30th October 6.30pm.

This webinar was well attended by more than 155 participants who actively involved in the discussions. Dr. Hemant Tongaonkar, Senior UroGynae Oncologist and Dr TS Shylasree, Gynae Oncologist, delivered lectures on fertility preservation in Ovarian/endometrial cancers and cervical/pelvic cancers respectively. This was followed by case based discussions on Fertility preservation in women and men's cancers moderated by DrRohitRanade, Gynae Oncologist and Dr. N. Raghavan, Uro Oncologist, respectively.

The presence of fertility expert, medical and radiation oncologists dealing with young patients enriched the discussions, making it multi disciplinary. It was heartening to see all the faculty involving in active discussion on the chat box, clearing all doubts.

Thanks to all the office bearers of IASO and past presidents for participating.

Regards,
Dr Caleb Harris

International Workshop on Low Rectal Cancer (4th June, 2021)

Samrohana cancer foundation, Bangalore in association with IASO organized a webinar on 4th June 2021 6:30PM on 'management of low rectal cancer: the concept of saving the sphincter.' The concept of sphincter preservation by performing Intersphincteric resection (ISR) has been existing for a long time. However, with the introduction of surgical robot it has become easier to perform ISR. The webinar was organized with the intention of introducing the concept to younger oncologists. Every aspect of the procedure including anatomy, preparation, preoperative therapy and surgical steps were discussed in detail.

The program was viewed by approximately 1800 viewers across the world and was widely appreciated. The program was presided over by Dr Arnab Gupta, the president, IASO and Dr Sharad Desai, Hon. Secretary, IASO. The presentations were divided into two sessions, concepts of ISR and operative videos. This program was sponsored by Intuitive Surgical and was transmitted on Mediknit platform.

Dr. Sandeep Nayak was the Chief Faculty and organizer.

International Workshop on Early Breast Cancer (16th July, 2021)

This is to share with you that on 16th July 2021, Roche supported IASO international workshop on early breast cancer - **Neoadjuvant therapy and surgical issues** was conducted and overall **120+ Surgical Onco** from West Bengal and well as other parts of India and Internationally participated in the 2.5 hours of the webinar.

1. The workshop was inaugurated by the President of **IASO - Dr. Arnab Gupta** by thanking Roche for support in terms of academic sponsorship and supporting IASO event on eBC.

2. **Dr. Shaikat Gupta** - Director, Surgical Oncology for Apollo Gleneagles was the moderator and the workshop opened up with Surgical Videos in BCS and Oncoplastic Surgery by international faculties - **Dr. Sumohan Chatterjee** and **Dr. Debasis Ghosh** from NHS, UK.

Audiences were mesmerized with the techniques shown in preserving breast and providing better QOL to the breast cancer patients. Tips and tricks in the field of Breast Oncoplasty surgery were shared by the International Faculties.

3. Case based panel discussion on Breast Oncoplasty moderated by **Dr. Diptendra Sarkar** and major points highlighted were the **need of Neoadjuvant therapy in ebC before the surgery and need for MDT approach which will be initiated by the Surg Onco**. This was supported by International faculties and Indian counterparts. ***This clearly established the role of Neoadjuvant is must for BCS and any eBC surgeries.***

4. The last session was the didactic lecture by **Dr. Indraneel Ghosh** on

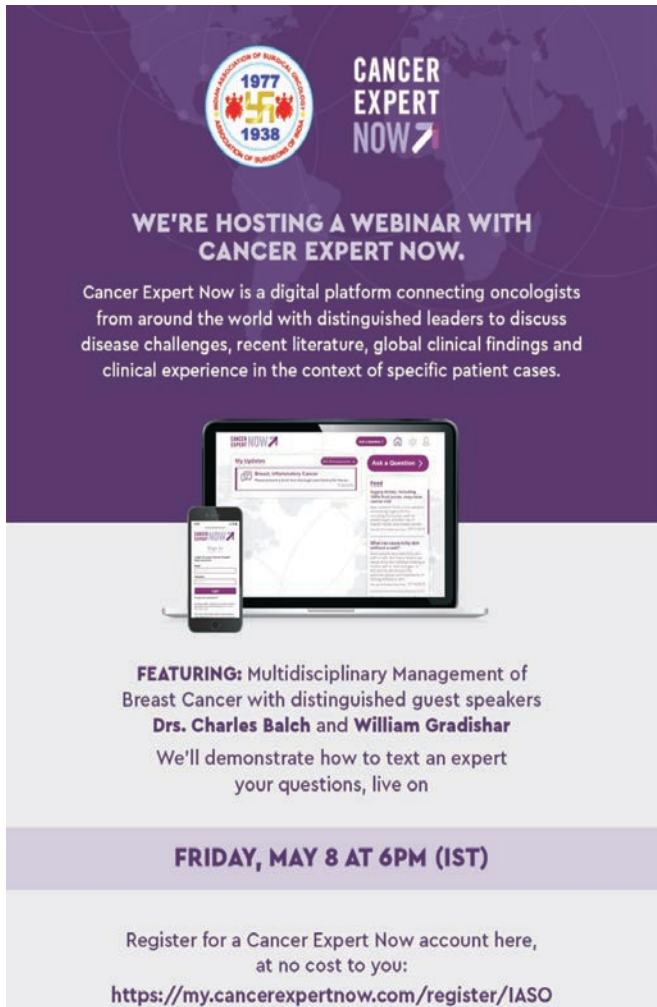

the **role of Neoadjuvant therapy in eBC** which clearly established the importance of MDT approach is a must in eBC management and the role of neoadjuvant therapies.

Enclosing a few images of the meeting.

Dr. Saikat Gupta, EC member (East) was the organizer.

Abstract

The pandemic of COVID-19 across the globe triggered national lockdowns hampering normal working for all the essential services including healthcare. In order to reduce transmission and safety of patients and healthcare workers, the elective surgeries have been deferred. The visits to the hospitals for follow-ups and consultations received temporary halt. However, we cannot halt the treatment for cancer patients who may or may not be COVID-19 positives. These are emergencies and should be treated ASAP. Conducting emergency surgeries during pandemic like COVID-19 is challenge for surgeons and the entire hospital infrastructure. The available information about COVID-19 and its propensity of contamination through droplets and aerosol need some modifications for conducting surgeries successfully without contaminating the hospital buildings, protecting healthcare teams and the patient. With these objectives, some modifications in the operating theater including surgical techniques for minimal access, laparoscopy, and robotic surgery are proposed in this review article. This review article also discusses the safety

The world is passing through a critical phase of uncertainty in public health which is of a magnitude which we have never faced before. This pandemic of the deadly Coronavirus was unprecedented, catching even the most developed countries in a state of total unpreparedness. Our Medical and paramedical fraternities stand today on the frontline of the battlefield and we must be aptly prepared to deal with our patients most effectively. Needless to say, we are in a huge shortfall of resources and
